Task:

Make a Suspense + Lazy example page

Using the existing page navigation structure, add a new page that contains a small example of using Suspense and Lazy.

The goal is that other engineers can look at the page + source code to quickly see an example of how to use Suspense and Lazy together and what the working code might look like.

Application

🏠 Home

⚙️ Example: Suspense+Lazy

Example: Suspense + Lazy

This page shows an example of using Suspense and Lazy together.
